[Reading]

[16~20] Read and answer the questions.

Your sister is right. You're a mouse potato. You can use the computer for homework. But don't use it too much. That can be bad for your health. You can hurt your eyes. You can be fat, too. Change your habits slowly. Use the computer in a good way. For your health, go out and exercise. Then, you're not a mouse potato anymore.

16. What is a "mouse potato"?

- ① Someone who likes potatoes
- ② Someone who doesn't use computer.
- ③ Someone who is fat
- ④ Someone who uses computer a lot.

In nature, cats eat mice. Mice are awake at night. Cat eyes see best in the dark. They can see their food on the ground.

Bats are also awake at night. Their food, bugs, also move at night. Bats use sound waves. So they can hear best at night. They hear bugs' sound and catch them.

Owls are night animals, too. They can see well at night. But they use their hearing most. In the tree, they listen for the food. Then they hunt mice.

17. What is the title of this passage?

- ① Cats eat mice
- ② Nature science
- ③ Night animals: Cat, Bat, and Owl
- ④ Owl's habits
