[8~10] Read and answer each question.

For healthy eyes, don't touch them with dirty hands. Then they won't get sick. Also, see your eye doctor once a year. Then you will know all the problems of your eyes.

Wash your ears often. Then your ears won't get sick. And do not put any sharp things in your ears. It's very dangerous, and you will hurt your ears.

What can we do for a healthy nose? Cover your nose when you sneeze. Then wash your hands. Also, use tissues to blow your nose. When you finish, put the tissues in a trash can. Then dirty things won't fly around, and they won't make other people sick.
