[6~7] Read and choose the best answer.

Linda has a special job. She uses art and helps children. Some children come to her office after school. These children usually have problems. They have stress at school or home. In her office, they draw pictures. Linda looks at the pictures. She understands their problems through their pictures and helps them.

6. What's Linda's job?

①

②

③

7. Choose the one who needs to see Linda.

- ① Mina: " I am very popular at school. I have many friends."
- ② Tommy: "I want to learn how to draw well"
- ③ Jake: " I got a good grade on a test. So I am happy."
- ④ Jerry: " I don't want to go to school. My friends hate me."

[8~10] Read and answer each question.

Joan goes to see Dr. Linda every Monday. She has only one friend. Other kids at school don't play with her. Dr. Linda says to Joan, "Draw pictures outside the circle. You can draw anything." Joan draws a sad face.

"Now draw happy things inside the circle," says Dr. Linda. Joan draws a picture of a happy girl. She is standing under a rainbow. There are many kids next to the girl. They are smiling, too. Now, Joan and Dr. Linda talk about it. Dr. Linda points at the pictures. "You can be happy like this," she says. "There are happy things inside you now. Look at the bright side. You can make many friends."

8. What is the Joan's problem?

- ① She doesn't draw well.
- ② She is sick.
- ③ She doesn't have many friends at school.
- ④ She doesn't like art class.

9. Choose one picture Joan did NOT paint.

①

②

③

④

10. Read and check T(true) or F(false).

- (1) Joan draws many circles on the paper.
- (2) Joan goes to Dr. Linda's office once a week.
