[6~7] Read and choose the best answer.

Long ago dinosaurs lived on the Earth. Some were big like a tall building. Some were small like a chicken. Some dinosaurs ate plants and some ate meat. A few dinosaurs walked on two legs. We don't know their color and sound, because they are dead. So we can not see real dinosaurs. We can only see dinosaur bones in the ground.

6. What is the reading about?

- ① dinosaurs' food
- ② color of dinosaurs
- ③ how dinosaurs were
- ④ dinosaurs' sound

7. Choose the right one.

- ① Many dinosaurs could walk on two legs.
- ② Some dinosaurs ate chickens.
- ③ We can not find dinosaur bones.
- ④ Dinosaurs don't live on the Earth any more.

[8~10] Read and answer each question.

Hi, my name is Raphael.

I'm a camel, and I live in the Sahara Desert. Few animals live here. It is too hot for most animals. But I can live here because I have humps on my back.

I have two humps on my back. But some of my friends have just one hump.

What do I keep in them? I keep fat in my humps. I don't need much food. I can change fat into energy. Sometimes I can't find any food all day. But that's okay.

I also need very little water. Camels can live a few weeks or months without drinking water.

8. What is this reading about?

- ① camels in the desert
- ② humps on the back
- ③ fat in the humps
- ④ food for camels

9. Read and check T(true) or F(false).

(1) There are many animals in the desert.

T ☐ F ☐

(2) All camels have one hump on their backs.

☐ TF ☐

10. Camels do not need much food. Why?

- ① They drink much water.
- ② They can change their fat to energy.
- ③ They keep food in the humps.
- ④ They are fat, so they need to lose weight.
