③ I am going play soccer this Sunday.

④ He is going to help his father tomorrow.

[6~7] Read and choose the best answer.

The earth is crowded, so people are looking for other worlds to live on. They want to make cities in space. In the future, people will live in these cities. The space cities will be a lot different from cities on earth. The space cities will turn for 24 hours to make days and nights. There's water in space, but no plants or animals. People will get all their energy from the sun. They will move to other cities by small spaceships. They cannot make trash in the cities. So there will be no pollution in space cities.

6. Why are people looking for other world to live on?

- ① Because the earth is crowded.
- ② Because the space is different from earth.
- ③ Because they want to take a spaceships.
- ④ Because the space cities will turn 24 hours.

7. Choose what you can see in space.

- ① water
- ② trees
- ③ elephants
- ④ trash can

[8~10] Read and answer each question.

These days, people go to many places for vacation. They go to the beach, or they go to famous places. In the future, people are going to vacation in space. A hotel company is panning a space hotel. The hotel will move around the earth, just like the moon. People can fly there in a spaceship.

On earth, you can take a walk on the beach and watch the sunset. In space, you can take a spacewalk. And you will not watch a sunset. You will watch the earth! Also, people will sleep less in space. They will have more time to look at stars or have fun.

8. What is this reading about?

- ① a vacation plan
- ② vacation in space
- ③ famous places for vacation
- ④ spaceships

9. What is a special thing about a vacation in space?

- ① We can take a walk.
- ② We can watch a sunset.
- ③ We can see the earth.
- ④ We can swim in the see.

10. Choose the correct one.

- ① Different people enjoy their vacation in different places.
- ② In the future, people will go to space by airplane.
- ③ A company built a space hotel.
- ④ People will sleep more in space.
